PROFESSIONAL SUMMARY

DevOps Engineer with 3+ years of experience in CI/CD automation, containerization (Docker, Kubernetes), and cloud infrastructure (AWS). Proficient in GitLab CI/CD, Jenkins, scripting languages, and building scalable, automated deployment pipelines. Actively seeking DevOps and Cloud opportunities in India, Australia, and internationally.

EXPERIENCE

- **Fineshift Software Pvt. Ltd.** Pune, Maharashtra
DevOps Engineer - CI/CD Infrastructure and Pipeline Automation Nov 2024 – Present
 - **Engineered an enterprise-grade CI/CD ecosystem for large-scale drone simulations**, enabling 50+ concurrent swarm instances (ArduPilot, MissionPlanner, QGroundControl) and accelerated testing cycles.
 - **CI/CD Infrastructure:** Set up and maintained GitLab Runner infrastructure with Docker-based execution and concurrency optimization.
 - **Pipeline Automation:** Implemented build (cross-compilation), test (Squish, Cppcheck, Clang scan-build), and release workflows via GitLab pipelines.
 - **Custom Docker Images:** Designed Dockerfiles for Qt-based apps and integrated headless simulation tools.
 - **Log Analysis Automation:** Automated parsing of simulation logs and storage on SFTP.
- **Datamato Technologies Pvt. Ltd.** Pune, Maharashtra
Engineer - Projects (CI/CD and Automation) Apr 2022 – Nov 2024
 - **Delivered high-impact CI/CD pipelines using GitLab, SonarQube, Nexus, and Tomcat**, cutting software delivery time by 40% for enterprise applications.
 - **One-Click Deployment:** Integrated database and filesystem automation via GitLab and Shell scripting, boosting efficiency by 90%.
 - **Containerization:** Deployed workloads to AWS EKS, authored Kubernetes manifests, and optimized pods for microservices.
 - **Multi-Project Pipeline Orchestration:** Set up and managed multi-project GitLab CI pipelines integrating 45+ modules with upstream and downstream dependencies for seamless automated builds and deployments.
 - **Deployment Automation:** Automated deployment for 30+ Oracle Siebel components via GitLab, cutting manual effort by 75%.
 - **Custom Utilities:** Designed and developed Java-based GitLab utilities, reducing Siebel data processing from 4 hours to 20 minutes. Configured Nginx for microservices load balancing, improving reliability by 30%.
 - **Spring Boot Development:** Built SOR platform and Automation Adaptor, reducing manual work by up to 80%.

PROJECTS

- **Drone Simulation CI/CD Pipeline — GitLab, Docker, Kubernetes (2025)**
 - **Scalable Simulation:** Developed infrastructure capable of running 50+ drone instances using Docker-based GitLab runners.

- **Headless Integration:** Integrated ArduPilot, QGroundControl, and MissionPlanner in a headless CI/CD environment.
- **Game 2048 on AWS EKS (Fargate) — AWS EKS, Fargate, Helm, Kubernetes (2025)**
 - **EKS/Fargate Deployment:** Deployed the Game 2048 web app on Amazon EKS using Fargate, enabling serverless compute for Kubernetes pods.
 - **Networking Configuration:** Configured AWS Load Balancer Controller, IAM roles, and Ingress for secure public access.
- **One-Click Deployment Tool — Shell, GitLab, AWS (2023-2024)**
 - **Deployment Utility:** Created a deployment utility integrating database and filesystem automation, reducing deployment time by 90%.
- **Java Maven Sonar Docker K8s CI/CD Pipeline — Java, Jenkins, SonarQube, Docker, Kubernetes (2022-2023)**
 - **Pipeline Implementation:** Implemented a full CI/CD pipeline with Jenkins, SonarQube, DockerHub, and Kubernetes manifests.
 - **Automation:** Automated code quality checks, containerization, and deployment workflows.

SKILLS

- **Languages and Scripting:** Bash, Python, Java, YAML
- **Build Tools and SCM:** Git, Maven, Gradle
- **CI/CD:** GitLab CI/CD, Jenkins, SonarQube, Nexus
- **Containerization and Orchestration:** Docker, Kubernetes (EKS), Helm
- **Cloud:** AWS (EC2, S3, VPC, Lambda, Fargate, IAM, ALB Controller)
- **Monitoring and Automation:** Grafana, Prometheus

CERTIFICATIONS

- **GitLab Certified Services Engineer Professional**
- **GitLab Certified CI/CD Associate**
- **AWS Certified Solutions Architect Associate - Trained**

EDUCATION

- **Chandigarh University** Mohali, Punjab
Master of Computer Applications (Distance), CGPA: 7.50/10.00 2022 – 2024
- **Dr. Panjabrao Deshmukh Krishi Vidyapeeth** Akola, Maharashtra
Bachelor of Science (Hons), CGPA: 7.65/10.00 2017 – 2021
